REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Applicant's amendment to claims 20-23, 28, 34, and the cancellation of claims 1-19, 24-27, 29-33, and 35-42 are acknowledged. Currently, claims 20-23, 28, and 34 are pending in this application. Claim 20 has been amended to be in independent format, and the remaining claims are now dependent on claim 20. As per reasons of record, prior art references, taken alone or in combination, do not fairly motivate one skilled in the art to employ a water-soluble CTA oligomer having surface-active graft copolymers with a hydrophilic graft and a hydrophobic main chain in a free radical emulsion polymerization process of producing latex polymer as claimed. Accordingly, the instant method as defined by claims 20-23, 28, and 34 is unobvious and allowable over closest prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
